NOTICE

The extending of credit on subscriptions to the Banner to the extent permitted by the postal law, has resulted unsatisfactorily and caused a great deal of confusion. The experience demonstrates that an absolutely payment-in-advance system is essential, and with this purpose in view, the Banner will go onto a cash in advance system on April 1st. Most of the Banner subscribers have been paying in advance and it is only the comparatively few who will thus be required to conform to the advance paying rule. Subscribers who are not paid up will please call at the Banner office before April 1st, and arrange their subscriptions, or send the same by mail. On that date the names of all who are not paid in advance will be dropped from the mailing list and thereafter the rule of advance payment will be strictly adhered to.

Subscribers in arrears can assist very materially in making the system easily carried out, by calling at the Banner office at an early date and adjusting their accounts or by sending remittances by mail.

GAINS

Made By The Seventh Day Adventists In 1912

Mt. Vernon College Comes In For Many Pledges

Through a report from Prof. B. G. Wilkinson, president of the Columbia Union Conference of Seventh Day Adventists, of the local body, it has been learned that substantial gains were made during 1912 in the union, which comprises the state conferences of Ohio, Pennsylvania, New Jersey, Maryland, Virginia, West Virginia, Delaware, and the District of Columbia. Over \$120,000 was received in title, the method employed by Adventists for the support of the evangelistic work in this 1912, a gain of more than \$17,000 over the previous year. Of this amount the Ohio conference, which includes the local church, gave \$36,631, a gain of \$5,570.50 over 1911.

Prof. Wilkinson stated that the members of his charge, in following out the plan laid out by the general conference of Seventh Day Adventists for raising 10 cents a week per member for missions, had not reached the mark in 1911, whereas in 1912 they raised 15 cents a week; and besides \$26,000 of the title, the conference handed over to the general organization nearly \$55,000. This gain, Prof. Wilkinson stated, was the largest in proportion, he had ever heard of in any of the union conferences comprising the general.

In addition to the above amounts, it was also stated that donations were coming in for the support of the institutions run by the Columbia Union Conference, Mt. Vernon College in Ohio receiving \$500 during 1912, with pledges of \$11,000 more. Churches are being erected at a total approximate cost of \$120,000 in Washington, D. C., Newark and Trenton, N. J., Charleston and Parkersburg, W. Va., Baltimore and Hagerstown, Md., Wilkes-Barre, Pa., and Wilmington, Del., most of which will be dedicated free from debt.

President Wilkinson said that approximately \$500,000 had been raised for missions in all the unions in North America, and that his conference donated about one-sixth of this.

Judge T. B. Fulton of Newark held his first term of court in Knox county, commencing Monday morning, since his elevation to the common pleas judgeship. Judge Fulton arrived in the city on an early morning train and convened court promptly at nine o'clock.

The first matter brought to the attention of the court was the injunction case of the Camp Glass Company vs. The Upham Gas Company. The plaintiff seeks to compel the plaintiff to furnish them with necessary gas to operate their glass plant in the city of Mt. Vernon. Frank O. Levering represents the plaintiff and Waught & Moore and Lot C. Stillwell the defendant.

Common Pleas Court—

The regular assignment of jury cases was taken up in the court of common pleas Monday with Judge Fulton on the bench. Judge Jewell was at one time an attorney in a case which will come up this week in the Knox county court of common pleas and for that reason, Judge Jewell went to Licking county this week and Judge Fulton consented to sit on the Knox county bench.

Sue For Divorce—

Lillian Throop has commenced an action for divorce in the court of common pleas of Knox county against Carl Throop. The plaintiff states they were married July 26, 1909, in the city of Mt. Vernon and that no children were born to them. The plaintiff charges the defendant with gross neglect and says that the plaintiff failed to furnish her with clothing and with the necessities of life. The plaintiff further alleges that the defendant abandoned her and has gone to Calgary, Canada, to reside. The plaintiff asks for divorce and that she may be restored to her maiden name, Lillian Hollingsworth. The attorneys for the plaintiff are Owen & Carr.

Commissioners' Meeting—

The Knox county commissioners were in session on Monday and transacted the regular routine business. The commissioners expect to go to Union township the latter part of the week to look over the site proposed by residents of that community for the new children's home building.

George J. Ewers, executor of Lydia A. Lanford, has filed a distributive account in the court of common pleas of Knox county, showing the following: Received \$6,848.13, paid out the same sum.

FOR SALE, TRADE OR RENT

Since statements were sent out by The Banner last week, in connection with the plan of adopting the payment-in-advance system on April 1st, a large number of subscribers have made remittances by mail.

Subscribers can very materially assist the business department of The Banner by making prompt remittance instead of delaying it and causing the work to pile up and create confusion during the last few days of March.

Instead of waiting to call at The Banner office, remittance can be made by mail and receipt will be sent for the amount of the remittance in each case.

THE LIST

Of Guarantors For The Chautauqua To Be Held In This City

Mt. Vernon is one of the 120 cities making up the big circuit of Chautauquas of the Redpath bureau. One hundred of the progressive business and professional people of Mt. Vernon have become sponsors for the financial success of the undertaking.

This will be held in the city not at the park, about the last week of August.

The managers of the famous Winona Lake assembly say that this circuit Chautauqua of seven days gives as strong a program as they do in 3 weeks.

When one considers that a two-dollar season ticket admits to 19 entertainments and is transferable in the family, there should be no trouble in selling the 750 tickets in Mt. Vernon and the neighboring towns and county.

The Ben Greets and Kryle's band will easily be worth the price of the season ticket.

The guarantee list could be raised to a much higher number if time were taken to do so. The following is a list of the guarantors:
